# Welcome

Hobby Japan was founded in 1965 as a miniature car shop in Yoyogi, Tokyo. With the motto of “bringing hobby from all over the world to hobby lovers”, it grew into a company dedicated to anything that is “hobby”, including publishing, hobby products, development and sale of board games, character development and more. Our goal is to continue to stimulate the curiosity of all hobby lovers.

Every year, our company releases over 300 publications of various genres and formats, including how-to manuals, scale models, military, card games, tokusatsu, history, photography, novels, comics.

This catalog features the titles published by our Practical Manuals editorial department, which range from manga & illustration drawing (both traditional and digital) to real life sketching, watercolor, colored pencils, crafts, reference and more.

# The Ultimate Manga Background Drawing Course for Complete Beginners

Youhei Ishikawa

Learn how to draw manga backgrounds with the latest version of Clip Studio Paint!

This book will teach you how to draw a simple room complete with furniture. All the objects inside the room have shadows, highlights and need to be placed according to the laws of perspective.

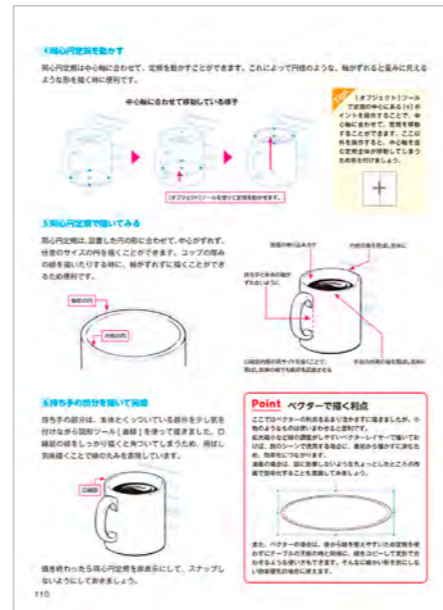

Going through all the steps necessary to draw this room will help you master important techniques that you will be able to apply when drawing all kinds of backgrounds!

For beginners who are not familiar with Clip Studio Paint, the introductory chapter explains the basics of this software that, in recent years, is getting very popular among Western artists too.

The author is a former lecturer of a well-known Japanese art school that specializes in courses on drawing manga backgrounds.

### [Contents]

- Chapter 1: Before starting
- Chapter 2: Getting used to the software
- Chapter 3: Drawing tones
- Chapter 4: Inking the line art
- Chapter 5: Finishing the picture

• Publication date: October 2024 • ISBN : 9784798636252 • 2640 yen  
• 257 x 190 mm • 224 pages • World rights available

# Drawing Girls' Expressions: Gestures, Poses, Emotions

Kakimaku

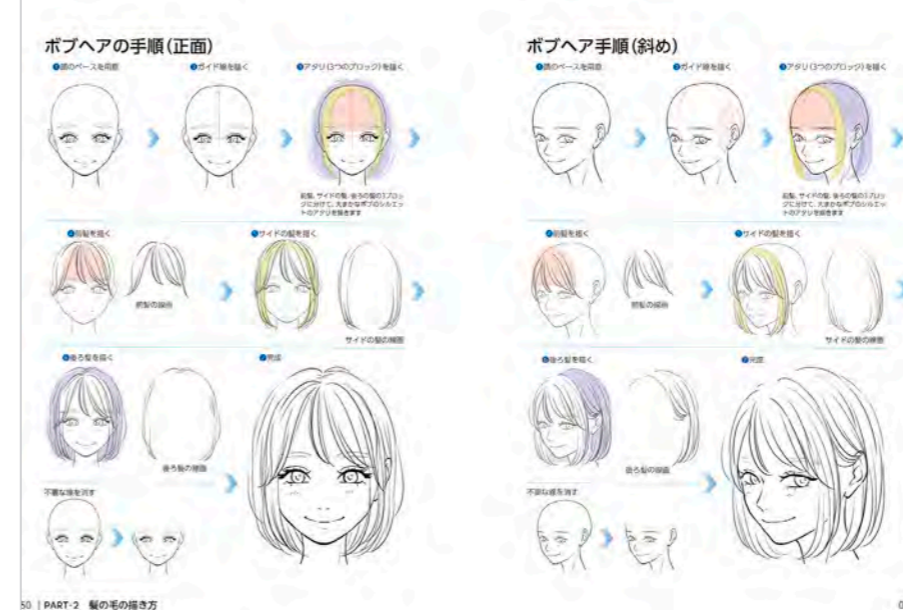

Learn how to draw girls like the cover of a fashion magazine!

A character's expression reveals their emotions and feelings. If you learn how to draw expressions properly, your illustrations will become more convincing.

This book will teach you to convey feelings such as happiness, surprise, fear, hatred, anger, sadness, fun, etc. in your illustrations, and to draw emotional compositions that look like a scene from a movie, the cover of a fashion magazine, or a picture in a photo book.

It also explains extensively how to draw the parts of the face, and how to pose your character in a way that conveys their emotions. Master all the techniques to create fascinating girls!

- Part 1: Drawing fascinating girls
- Part 2: Drawing hair
- Part 3: Drawing different emotions
- Part 4: Expressive posing
- Part 5: Adding hands to your pose
- Part 6: Various expressions and gestures
- Part 7: Drawing winks
- Part 8: Drawing emotional faces
- Part 9: Cover illustration making

• Publication date: September 2024 • ISBN : 9784798634388 • 2420 yen  
• 257 x 190 mm • 160 pages • World rights available

**Action Poses Encyclopedia**  
Over 5000 Poses for Action Manga Artists  
Mugetsu

A pose collection dedicated to action poses!

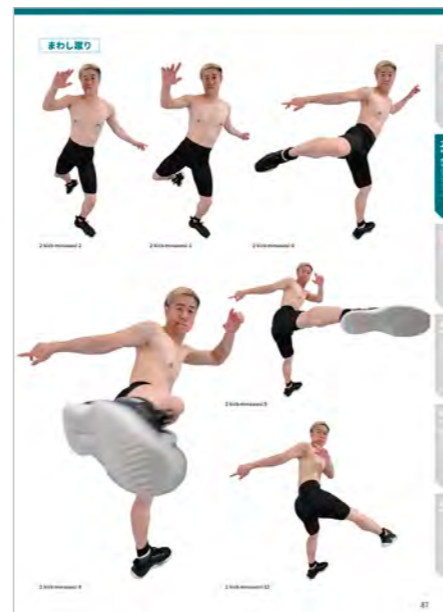

Jumping, running, turning, shooting, slashing... This book is full of all kinds of action poses a manga or comic artist may want!

Authored and supervised by Mugetsu, a popular manga artist, the book includes a plethora of dynamic action scenes taken from all kinds of angles. You will also find examples of illustrations and manga scenes created using the poses.

The models in the photos are all professional stunt actors from Motion Actor, Inc., a company that provides actors for various events, as well as the movie and game industry.

Purchasers can download approx. 6000 photos for free! All photos can be used as a reference for illustrations and manga, both amateur and professional.

- Chapter 1: Manga & illustration examples with tutorial
- Chapter 2: Barehanded action poses
- Chapter 3: Action poses with a sword
- Chapter 4: Action poses with a katana
- Chapter 5: Action poses with guns
- Chapter 6: Jumping and dashing poses

• 257 x 190 mm • 256 pages • World rights available

**Character Styling Guide for Fiction Creators:**  
**Male Characters**  
Roshin Amanatsu

This guidebook will help you decide a style for your male characters based on their personality!

Have you ever found it difficult to imagine the everyday clothes of a character that you always see in a school uniform? Do you feel that you always end up drawing all your characters with the same fashion style? This book is here to help!

This manual divides male characters into four big categories and introduces fashion styles that fit each of them. You will find both illustrations and example sentences for writers. You can use them as a reference to draw fanart or fanfiction of your favorite characters too!

Besides clothes, you will find information about hairstyles, shoes, suits and school uniforms. Especially recommended for female creators who may find it hard to find this information first-hand!

- [Contents]
- Chapter 1: Outfit sets for male characters
- Chapter 2: The basics of boys' fashion
- Chapter 3: Work and uniforms

• Publication date: March 2024 • ISBN : 9784798634814 • 1870 yen  
• 210 x 148 mm • 160 pages • Rights sold to Taiwan, Hong Kong

### Line Drawing Exercises for Manga Character Illustrations

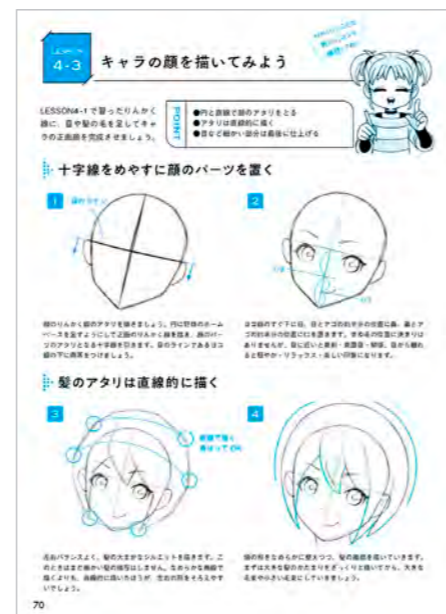

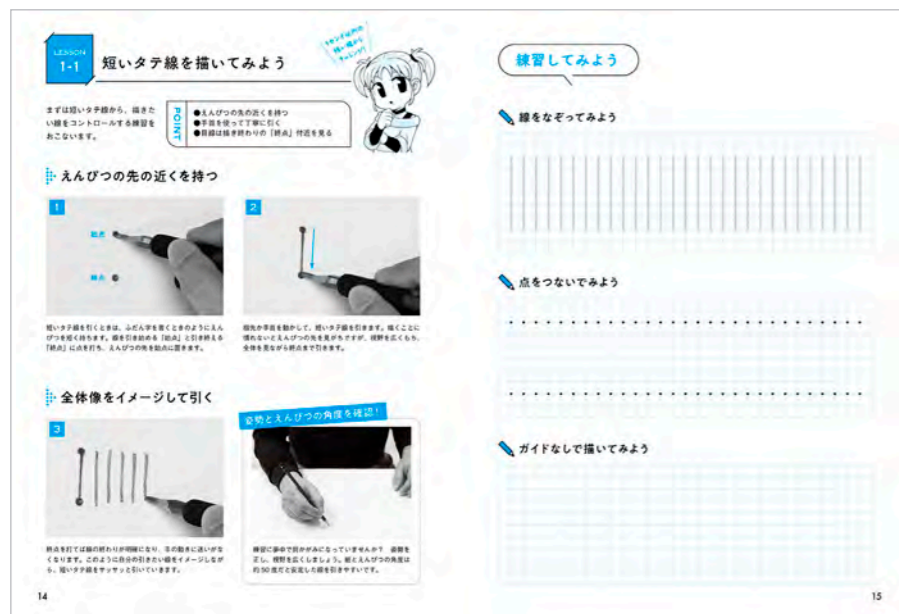

Drawing a line may sound like a basic skill, but it can make a difference in the quality of your illustrations.

Beginners will find it especially difficult to draw lines and illustrations exactly how they picture them inside their heads. This is because you need practice for your brain and hands to correctly link and help you draw just the way you want.

This book will teach you the most basic of drawing skills: how to draw lines. It includes lesson pages and exercise pages where you can draw directly with a pencil or a pen.

Start by tracing the light gray lines to build muscle memory, then try drawing the same lines without underlying guides. Once you complete all basic exercises, you will find worksheets with parts of manga characters, such as the outline, eyes, hairstyles and more.

- [Contents]  
 Lesson 1: Drawing straight lines  
 Lesson 2: Drawing curved lines  
 Lesson 3: Drawing 3D objects  
 Lesson 4: Drawing a character's head  
 Lesson 5: Drawing a full-body character

### Chibi Characters Clothing Encyclopedia: Female Characters

Yukke Morita

The perfect reference book to draw chibi characters with lots of different outfits!

Most books on chibi characters are mainly about drawing the characters themselves and contain little instructions on how to draw clothes or hairstyles. This manual is all about that! You will find a huge variation of clothes and hairstyles that you can use for your chibi characters.

- [Contents]  
 Chapter 1: Drawing chibi characters  
 Chapter 2: Drawing the hair  
 Chapter 3: Drawing the clothes  
 Special chapter: Chibi character illustration tutorial

• Publication date: March 2024 • ISBN : 9784798634357 • 1980 yen  
 • 257 x 215 mm • 128 pages • Rights sold to Taiwan, Hong Kong, South Korea

• Publication date: March 2024 • ISBN : 9784798634708 • 2530 yen  
 • 257 x 190 mm • 192 pages • Rights sold to Taiwan, Hong Kong, South Korea

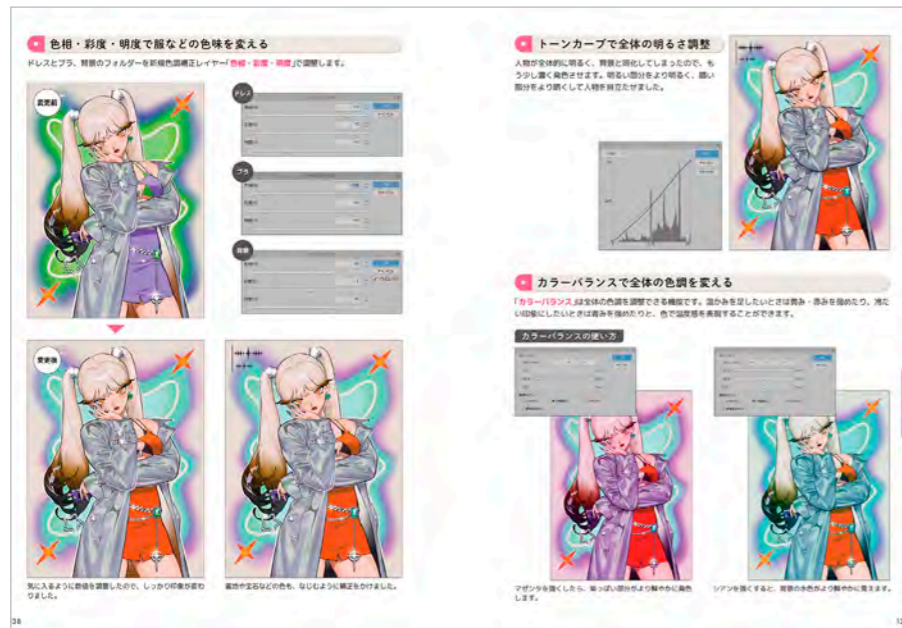

# CLIP STUDIO PAINT: Amazing Tools and Illustration Techniques Ready to Use

Understand Clip Studio Paint's tools and use them to improve your illustration workflow!

Popular Japanese illustrators explain the new features of Clip Studio Paint Ver. 2.0 and introduce their favorite tools with tutorials and tips on how to use them effectively. Especially recommended to users who have just started to use Clip Studio on either the PC or iPad, or would like to make better use of the available tools.

[Contents]  
 Chapter 1: Tools to improve your workflow (3D model, fish-eye perspective)  
 Chapter 2: Using Clip Studio Paint on a tablet or smartphone  
 Chapter 3: Tools to improve the quality of your art (transformation tools, blur effect, ruler tool, textures)  
 Chapter 4: Illustration techniques based on colors (color correction, layer blending modes, gradation maps, automatic coloring)

• Publication date: March 2024 • ISBN : 9784798634173 • 2420 yen  
 • 257 x 190 mm • 184 pages • Rights sold to Taiwan, Hong Kong, South Korea

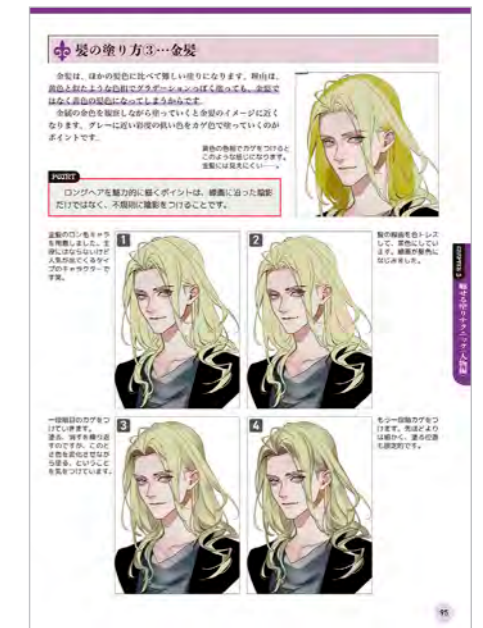

# How to Draw Attractive Boys Men's Accessories and Coloring Techniques Jinkei

Learn how to draw attractive boys and wearable accessories! Jinkei, popular Japanese artist with a big overseas following, will teach you many useful digital painting tips!

Using two different types of male characters as the base, this book will teach you to draw cool boys and fancy accessories that will look great on them. Master techniques to recreate textures, painting gems and fashionable accessories to make your illustrations all the more memorable.

[Contents]  
 Chapter 1: Drawing an attractive slim boy (Sketching / Line art / Coloring / Adding details / Drawing accessories)  
 Chapter 2: Drawing an attractive wild boy (Sketching / Line art / Coloring / Adding details / Drawing accessories)  
 Chapter 3: Great painting techniques for characters (Eyes / Hair / Darker skin / Ears)  
 Chapter 4: Great painting techniques for objects (Metals / Transparent objects / Gems / Creating custom brushes)  
 Chapter 5: Special chapter (Jinkei & Karuki Mura cross talk / Cover illustration making)

• Publication date: February 2024 • ISBN : 9784798634180 • 2420 yen  
 • 257 x 190 mm • 160 pages • Rights sold to Taiwan, Hong Kong, South Korea

## Chibi Characters Pose Collection: Basic Poses

Pose collection dedicated to chibi characters! Over 400 free-to-trace poses are included! You just need to add a hairstyle and an outfit, and your chibi character is drawn!

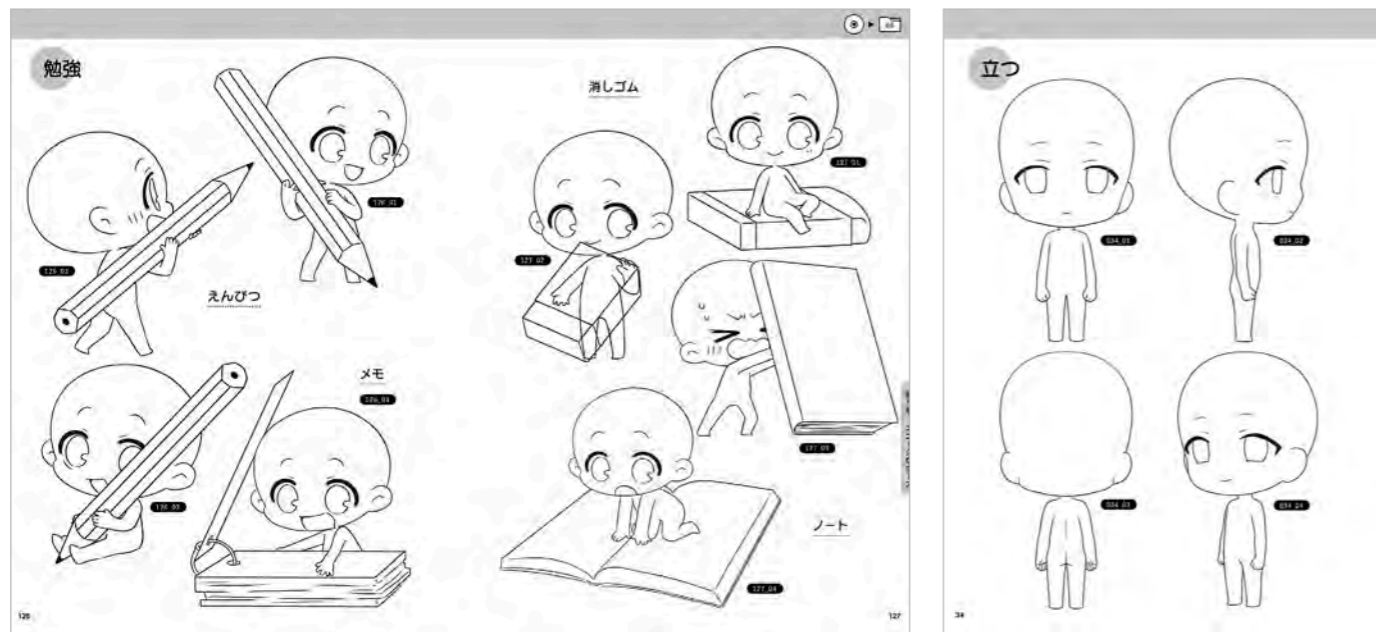

All poses are for 2-head-tall characters! Besides standard standing and sitting poses, you will find expressive poses such as laughing and crying, actions like running and jumping, stylish poses and more.

With lots of easy-to-use situations, just looking at the poses is guaranteed to inspire you to draw!

Simple lessons and usage examples will help you learn to draw chibi characters and use the poses in the book to create nice illustrations.

All illustrations are included in the CD-ROM and are free to trace! The files are also available for download.

- 210 x 148 mm
- Rights sold to Taiwan, Hong Kong, South Korea, Thailand

## Simple & Fun! Your First Guidebook to Doujinshi Publishing

(Moe) Hyogen Tankyu Circle

Doujinshi are self-published fanzines. They can feature original works or parodies of existing works, and can contain manga, novels, illustrations, photos, and so on. They are published by groups of artists referred to as "circles", although they often consist of a single person. Every year, in Japan, a large number of conventions are organized with the specific purpose of selling and buying doujinshi.

Despite their popularity, there are no real manuals on publishing doujinshi, and many amateur artists have to gain knowledge by looking up information online and through personal experience.

This manual aims to teach the ABC of doujinshi publishing to anyone who is interested but has no experience. Learn how to start out as a circle, publish your own books, and participate in conventions!

- September 2022
- ISBN: 9784798629445
- 1320 yen • 216 pages
- 182 x 128 mm
- Rights sold to Taiwan, Hong Kong

## Female Characters Pose Collection: Three Different Body Types

A collection of 260 poses featuring female characters with three different body types! You can use them directly as a reference or draw inspiration from them.

- The book has 3 chapters: basic poses, everyday life, action scenes. You can find poses to fit all kinds of situations!

- The poses feature girls with three different body types: slender, average, curvy. Add variety to your characters!

- The first chapter explains the basics of drawing girls and how to represent the full body and body parts for different physiques.

All illustrations are included in the CD-ROM (or can be downloaded) in both JPG and PSD format and are free to trace!

- October 2022
- ISBN: 9784798629377
- 2200 yen • 160 pages
- 257 x 190 mm + CD-ROM
- Rights sold to Taiwan, Hong Kong, South Korea

## Touhou Project: Gensokyo Coloring Book

Color characters from the popular Touhou Project series with your preferred painting tools!

- 2200 yen • 160 pages
- 257 x 190 mm
- Rights sold to Taiwan, Hong Kong, China, South Korea

## 360 Degrees Hair Catalog for Illustrators Basic Women's Hairstyles

supervised by Hisatsugu Munakata

This manual is the perfect ally for anyone looking for a good reference to draw hairstyles!

it features various hairstyles shown from 12 different angles (0 to 360 degrees), each seen from the front and back, from below, and from above.

Besides normal long, medium, and short hair, you will find arranged hairstyles such as chignons and buns, as well as twin-tails and ponytails, which are very popular in manga and anime.

The included DVD contains all the photos as a 3D model that you can turn around yourself to get to the angle you are looking for in a more intuitive way. The photos are free to trace for both private and commercial work.

- February 2022
- ISBN : 9784798627335
- 2750 yen • 160 pages
- 257 x 190 mm + DVD-ROM
- Rights sold to Taiwan, Hong Kong, South Korea

# Realistic Pen Drawing Lesson Book: Animals

Isono Caviar

This book will teach you how to draw realistic animals with a very familiar tool: a ballpoint pen!

Animals have fur, wings, wrinkles, and other details that make them a perfect subject for learning how to draw different kinds of lines.

It may seem difficult at first, but as you progress through 39 lessons, you will gradually master various ballpoint pen drawing techniques.

The book includes pages with line art that you can trace with your pen.

Whether you have already tried pencils, watercolors, oils and want to try something different, or you are simply interested in pen drawing in the first place, this is the perfect exercise book for you!

- [Contents]  
 Chapter 1: Basics  
 Chapter 2: Beginner level  
 Chapter 3: Intermediate level  
 Chapter 4: Advanced level

# Character Drawing Lessons for Beginners: Basics, Actions, Fashion

mashu

The perfect book for all those who want to draw cute characters for fun without having to learn difficult human anatomy!

You will learn how to draw a full-body character in three steps. First, you will use circles and lines to create large guidelines, then smaller guidelines, and finally complete the drawing by adding the details. Anyone can learn this method! The book also has pages on which you can draw directly to practice what you learned.

After completing the "METHOD" chapter, you can start exercising in the "PRACTICE" chapter. You won't find any convoluted explanations involving theory here, only fun exercises that will help you practice drawing characters with ease.

Get ready to create your very own fascinating original characters!

- [Contents]  
 Chapter 1: Drawing a full-body character  
 Chapter 2: Drawing the head  
 Chapter 3: Drawing clothes and fashion  
 Chapter 4: Drawing original characters

# Improve Your Drawing Skills with "Naruhodo" Sketching Tips

Takeshi Shirai

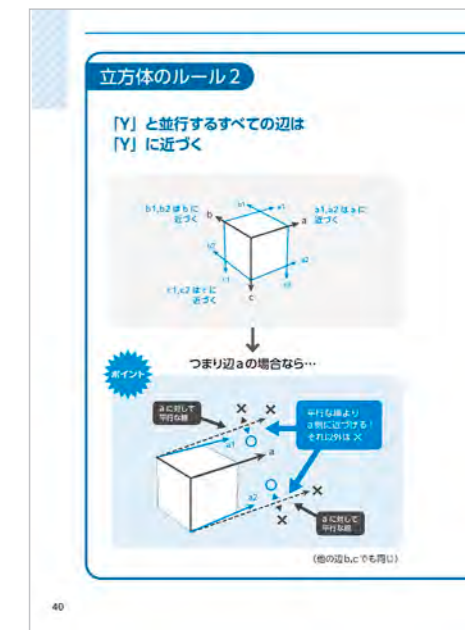

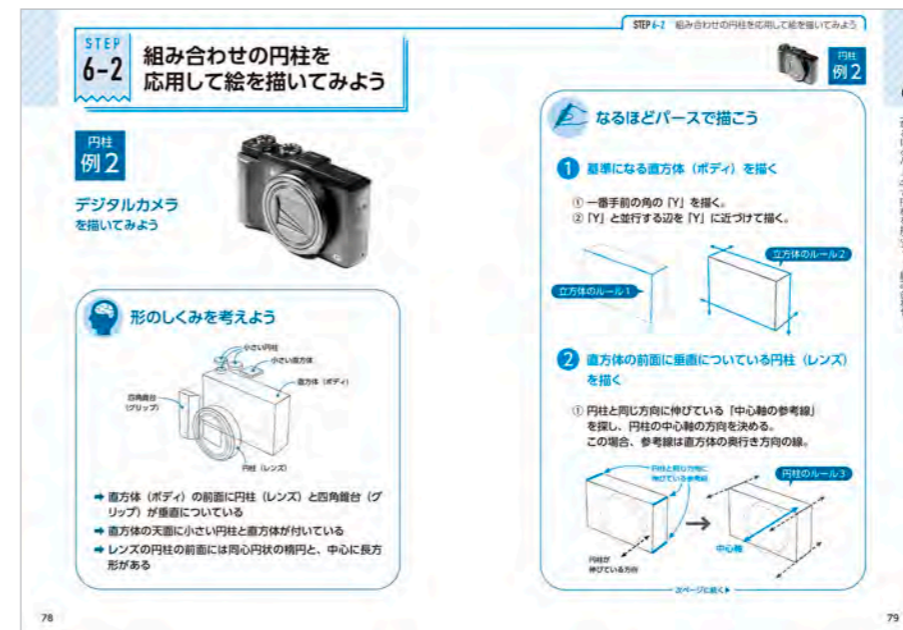

Believe your brain and not your eyes! A new revolutionary sketching method to improve your drawing skills.

Many feel that they are bad at drawing or can't seem to improve no matter what they do. "Good drawings" essentially consist in "correctly representing the appearance of an object." So how can we do this?

The author of this book, a professional product designer, will teach you how to understand the structure and shape of an object to draw it correctly. Anyone can get better with this method, no innate artistic talent needed!

- Chapter 1: You can't draw by just looking
- Chapter 2: Understanding the structure of objects
- Chapter 3: "Naruhodo" perspective
- Chapter 4: Drawing 3D shapes in perspective
- Chapter 5: Drawing single cylinders in perspective
- Chapter 6: Drawing combined cylinders in perspective
- Chapter 7: "Naruhodo" shading
- Chapter 8: Reproducing shapes
- Chapter 9: Drawing various objects
- Chapter 10: Brushing up your drawings

• Publication date: April 2024 • ISBN : 9784798634906 • 1980 yen  
 • 210 x 148 mm • 160 pages • Rights sold to Taiwan, Hong Kong

# Learn by Coloring: Watercolor Flowers

## From Single Flowers to Bouquets and Wreaths

Shiho Sakurai

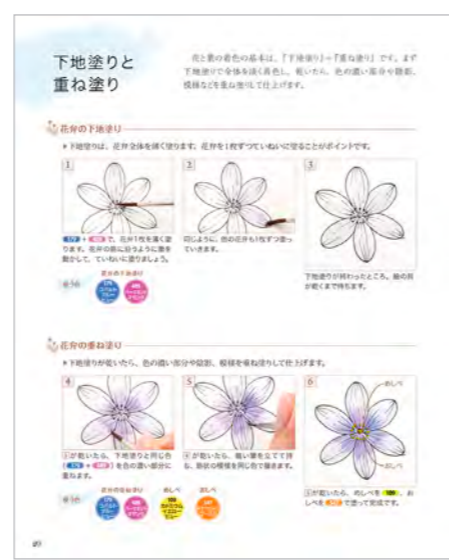

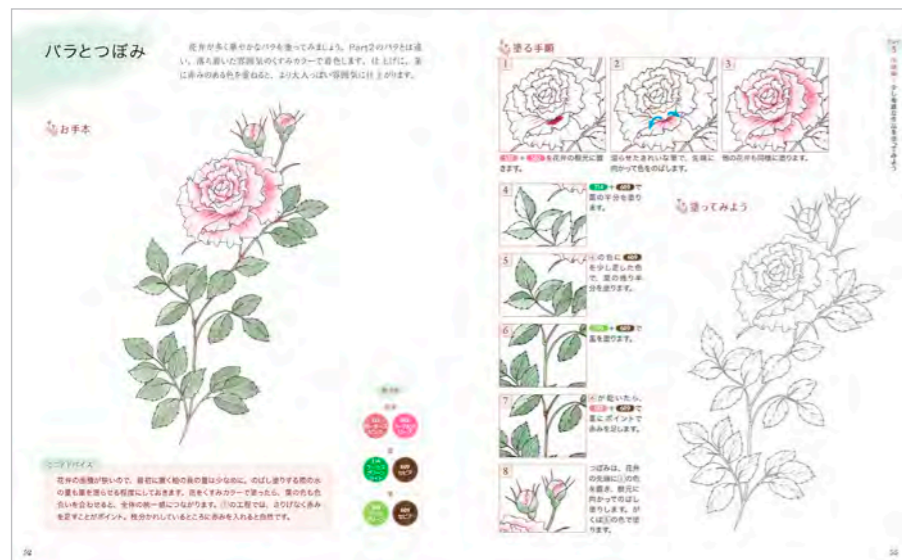

Popular botanical artist Shiho Sakurai teaches how to paint beautiful flowers with watercolors!

Start with simple lessons to learn basic watercolor techniques, then try your hand at painting flowers in three progressive difficulty levels! The book contains a total of 31 flower line art, each with detailed step-by-step instructions on how to color it. All line art is printed on art paper that can be painted with watercolors directly!

Enjoy some relaxing time painting these elegant, delicately colored flowers! The book also includes some lettering tips to adorn your pictures with text.

- [Contents]
- Part 1: The Basics / How to use watercolors and brush pen lettering
  - Part 2: Easy Level / Painting simple flowers
  - Part 3: Medium Level / Painting more detailed flowers
  - Part 4: Challenge Level / Painting complex flower compositions

• Publication date: March 2024 • ISBN : 9784798634166 • 2200 yen  
 • 230 x 187 mm • 144 pages • Rights sold to Taiwan, Hong Kong

# Basics of Observational Drawing

## Techniques to Understand Texture, Space, Structure

Hideito Yagi, edited by Tsubura Kadomaru

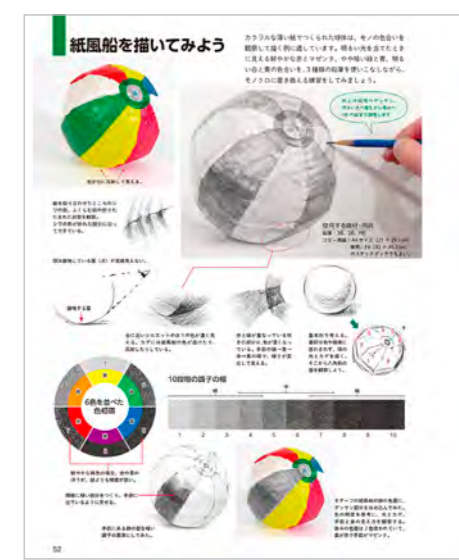

When you are drawing something, observing it closely and understanding it will help you create a more faithful reproduction.

It's important to observe what you are drawing, not only from a distance but also up close. Touching it may be helpful too. Changing the viewing angle and trying to analyze an object's structure will also give you important hints on how to sketch it.

This book will teach you various techniques to observe objects correctly and improve your drawings. You will start with a simple apple, then draw still-life objects you may find around you, progressively brushing up your sketching skills.

- [Contents]
- Chapter 1: Observing an apple
  - Chapter 2: Observing and drawing paper
  - Chapter 3: Drawing a beautiful chrysanthemum
  - Chapter 4: Observing a turban shell to understand the human body
  - Chapter 5: Observing and drawing your loved ones

• Publication date: October 2023 • ISBN : 9784798633190 • 2310 yen  
 • 257 x 190 mm • 160 pages • Rights sold to Taiwan, Hong Kong, South Korea

**Fantastical Colored Pencils**  
**Drawing Fairytale Worlds**  
 Kazuna Osada

This colored pencil manual is structured like a picture book with a story. You will learn to color many fascinating pictures while traveling through a shopping street in a fairytale world created by the author.

The shopping street has four shops that sell fantastical items: the lizard witch's pharmacy, the fairy's flower shop, the hedgehog's antique shop, the owl's café. You will learn to draw and color motifs and objects from these fantasy shops.

Instructions are based on a set of 36 colors. You can draw the pictures from scratch yourself, or you can trace the line art included in the book to have a base. If you are looking for a colored pencil manual with whimsical art and a bit of a twist, this book is for you!

- [Contents]  
 Introduction: The beginning of the story  
 Chapter 1: The lizard witch's pharmacy  
 Chapter 2: The fairy's flower shop  
 Chapter 3: The hedgehog's antique shop  
 Chapter 4: The owl's cafe

• Publication date: June 2022 • ISBN : 9784798627946 • 2200 yen  
 • 257 x 187 mm • 144 pages • World rights available

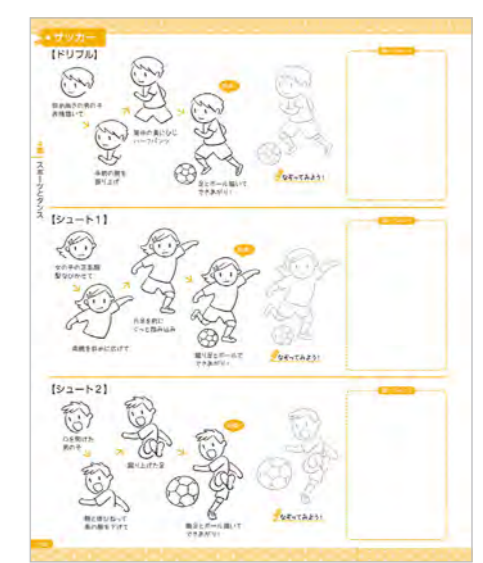

**Anyone Can Draw with this Trace & Draw Exercise Book Vol. 2**  
**How to Draw Expressions, Actions, Clothes, Animals and More**  
 Nozomi Kudo

Have you ever wanted to draw quick simple illustrations for letters, notes or work? This is the perfect book for you! Following the very successful first volume, this second title mainly features people, animals and fashion.

All illustrations can be drawn in 3 to 5 steps and come with semitransparent line art and a blank space, so that you can practice both tracing and drawing it yourself inside the book. The art is really simple and easy to imitate but at the same time cute and expressive. You can draw with pencils, colored pens, digital tools or whatever you prefer!

- Chapter 1: Hairstyles and facial expressions  
 Chapter 2: Poses and actions  
 Hand poses, standing poses, walking, holding and carrying things, etc.  
 Chapter 3: Children, friends, family  
 Chapter 4: Sport and dance  
 Chapter 5: Clothes  
 Professions, outfits for all seasons, etc.  
 Chapter 6: Animals and cute creatures  
 Cats, dogs, bunnies, hamsters, parakeets, goldfish, turtles, penguins, etc.  
 Chapter 7: Using the illustrations  
 Combine the things you've drawn so far with text to turn them into icons or practical material

• Publication date: March 2022 • ISBN : 9784798627854 • 1650 yen  
 • 230 x 187 mm • 224 pages • Rights sold to Taiwan, Hong Kong, South Korea

**Delicious Still Life with Watercolors**  
**Smooth, Rough, Learn the Basics from Bread**  
 Atsuhiko Morita, edited by Tsubura Kadomaru

Still life indoors is perfect for watercolor beginners. Everyday objects or delicious food that you can find in your kitchen can become the perfect protagonists of a still-life picture.

This book will teach you to represent smooth and rough textures, as well as soft and doughy feelings, with only ten colors!

- Chapter 1: The very basics of watercolors: what you can learn with only ten colors
- Chapter 2: The protagonist of the dining table: painting eight types of bread
- Chapter 3: Textures from the dining table
- Chapter 4: Positioning objects to paint still life

- December 2021
- ISBN: 9784798626598
- 2200 yen • 128 pages

- Rights sold to Taiwan, Hong Kong, South Korea

**Drawing Anything with One Pencil**  
**Mano's Realistic Pencil Sketching**  
 Manoj Mantri

Manoj "Mano" Mantri, a popular lecturer at the Nakano Dessin School in Tokyo, is known for his unique and easy-to-understand teaching style that consists in using one pencil to calculate the proportions and perspective of an object and then transfer them to paper.

With this book you will learn his technique from the basics, starting by practicing cubes, cylinders, cones, and spheres, then learning shading and trying your hand at still life to understand different textures. Once you become comfortable, you will tackle more advanced themes such as animals, hands, people, and landscapes.

- Chapter 1: Mastering the four basic shapes
- Chapter 2: Drawing different textures
- Chapter 3: Drawing landscapes using perspective
- Chapter 4: Drawing people

- March 2021
- ISBN: 9784798624242
- 2200 yen • 160 pages
- 257 x 190 mm

itosino's Miniature Animal Embroidery

itosino (EdaMaki)

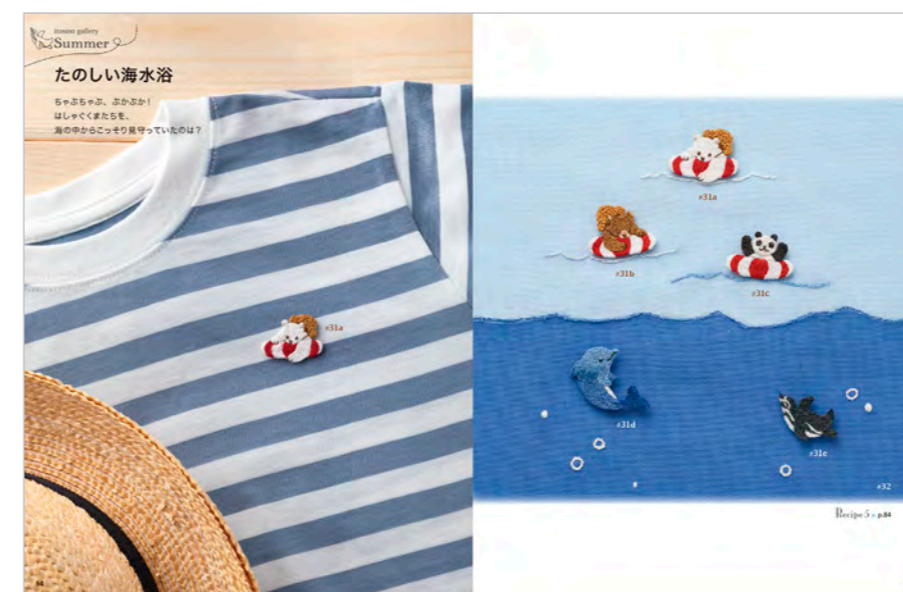

The first book by popular embroidery artist itosino (EdaMaki) (on Instagram as @itosino\_mori)! Over 100 patterns of super cute miniature animals that look as if they came out of a fairytale!

In this book, itosino explains her soluble embroidery technique, consisting in using water-soluble paper to transfer your patterns onto the cloth. This makes it easier to finish the embroidery with a clean backside, especially useful if you're going to turn it into a brooch or a diorama! (The patterns can of course be embroidered with regular transfer paper too)

All patterns are included in their actual size, with larger pictures of the finished embroidery to help you understand how the stitches look!

[Patterns]  
 Spring: Little fox on a stroll / Spring bunnies  
 Summer: Little birds of early summer / Summer at the farm / Fun at the sea  
 Autumn: Animals in autumnal colors / Yummy autumn  
 Winter: Winter forest / Cats in winter / Christmas

• Publication date: January 2024 • ISBN : 9784798632100 • 2200 yen  
 • 247 x 190 mm • 128 pages • World rights available

**How to Craft Small Magic Accessories**  
**The Wizard's Small Amulets**  
 Maho Item Renseijo

Learn how to craft small cute magic accessories!

14 projects by 6 popular creators of handmade items, all explained in detail with step-by-step tutorials!

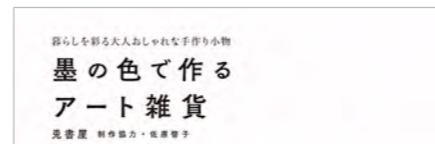

- Small magic wands, amulets, and other petit objects that can be created by combining resin and metallic parts.

- Are you a beginner? Do not worry! The book explains the basics of working with transparent resin and how to use it to craft minerals and crystals.

- Plenty of items that can be made without resin too, such as potion bottles, small magic brooms made of natural materials, and more.

You can of course arrange all items to fit your style!

- February 2023
- ISBN: 9784798630571

# Color Psychology & Color Combination Idea Book

Ryoko Minami

Learn to use color psychology in your designs!

Colors are commonly associated with feelings and emotions, but they have a scientific side too. Research has shown that colors affect the emotions of people who look at them and can trigger a specific feeling. Understanding color psychology, the study of the way colors influence the mind, can help you choose more effective color combinations for your designs.

This book features twelve main colors. Each color is examined from the point of view of color psychology and then divided into three different keywords commonly associated with it, each with its own explanation.

You will learn the psychological aspects of the color with concrete examples and reference photos. You will also find a large variety of color schemes, perfect to browse when you're looking for ideas or inspiration!

[Featured Colors]  
Red / Pink / Orange / Yellow / Green / Sky blue / Blue / Purple / Brown / White / Gray / Black

• Publication date: March 2023 • ISBN : 9784798631424 • 2310 yen  
• 210 x 148 mm • 256 pages • Rights sold to Taiwan, Hong Kong

# How to Design Thumbnails

Useful Ideas to Stand Out

Sonoe Takigami

Thumbnails can be seen everywhere: from video upload sites to webshops and social networks. If you want your thumbnails to be noticed and clicked, they will need to stand out! You can accomplish this by understanding which design ideas are effective for the type of thumbnail you are creating.

This book will give you plenty of useful information and ideas to design your own thumbnails, choose the best templates, or commission a designer to do the work.

All the chapter titles in the book are designed as thumbnails to give you an immediate visual idea of what you will learn! You will find lots of examples showing a thumbnail before and after applying the advice, as well as a large variety of design ideas and variations that you can use as a reference.

[Contents]  
Introduction: Basics of thumbnail design  
Chapter 1: Composition and layouts  
Chapter 2: Color schemes and text  
Chapter 3: Shapes and concepts  
Chapter 4: Thumbnail designs by type

**Die-hard Animals: How Prey Escape Their Predators**  
 Taku Shiraiishi, supervised by Tadaaki Imaizumi

The ones who don't give up are the strongest! Bugs are eaten by birds, zebras by lions. But they don't just keep still and surrender. Even animals that are said to be "weak" have actually developed all kinds of secret techniques to escape their predators. These interesting survival strategies show us how tenacious living creatures can be!
